

Rives®

 arjowiggins

Products data

Arjowiggins works to continually reduce the environmental impact of paper manufacture.

- All Rives Mills have a certified accredited Environmental management system (ISO 14001).
- Fully FSC certified.

Available in 8 finishes (Dot, Shetland, Basane, Tweed, Laid, Linear, Tradition, Design) and in 10 shades.

Suitable for brochures, invitations, luxury packaging and more.

Fibres sourcing

Virgin FSC fibres*: 100%

* Virgin fibres are FSC credit mixed sources and ECF bleached, without using chlorine gas.

Rives 100% Recycled (in Tradition, Design and Shetland)

Recycled FSC fibres**: 100% post-consumer waste

** Coming from Greenfield plant, part of Arjowiggins group

Chemicals

- No substances classified as carcinogenic, mutagenic or reprotoxic (CMR) are used as raw materials.
- Chemicals are sourced that have low impact on the environment.
- Arjowiggins complies with the new REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) European regulation created to improve protection of human health and the environment from the risks that can be posed by chemicals as well as the promotion of alternative methods of assessments, and enhancing competitiveness and innovation.

Certified environmental management systems

ISO 9001 (Quality)	FM 12551 Valid until 06-10-2019
ISO 14001 (Environment)	EMS 34922 Valid until 06-10-2019
ISO 50001 (Energy)	ENMS 619111 Valid until 22-07-2021
FSC	TT-COC-002043 Valid until 04-04-2020

Our transports

Arjowiggins transport policy is eco-responsible, optimising logistics and taking environmental issues into account: minimizing distances between raw material, mills and customers, shifting volumes to rail and sea transport wherever possible.

Our packaging

All of our cardboard and polythene packaging material as well as the pallets are recyclable.
